

## Increase In Crowds At Fair

Attendance For Eight Days Given As 312,521 by Secretary Kemper

The Missouri State Fair of 1949 had a substantial increase in attendance in comparison with many fairs throughout the United States up to date according to Secretary Roy S. Kemper. The eight days attendance was 312,521, while the closing Sunday likewise was one of the largest for closing days of the Missouri fair is being 22,227.

Other fairs which have been showing this summer have reported decreases in attendance in comparison with 1948, of from ten percent and in one incident up to nearly 50 percent. The Missouri fair attendance in 1948 was 295,415 a decrease from 1947 which was 303,416, and then an increase this year over 1948 and far over 1947.

### Races Big Drawing Card

The Missouri exposition was highlighted through the week days with the Grand Circuit harness race meet, at which time three world records were broken and two fair track records were lowered. It was the first time at the Missouri fair for such a strong circuit of harness horse racers.

More exhibits in the livestock, sheep, swine, poultry, agriculture, home economics, 4-H, F. F. A., horticulture, floriculture, dairy, educational, apathy, archaeology, philatelic, jacks, jennets, and mules, Girl and Boy Scouts, music, junior activities, rabbits, wool show, health and baby show, fine arts, and others, were on the grounds.

### Commissioner Pleased

Robert Thornburg, Commissioner of Agriculture, today, said, "this is my first experience with the Missouri State Fair as Commissioner. I am not only pleased but satisfied with the way it went off this year. The attendance speaks for itself, and certainly the exhibits were here for the people to enjoy. I want to thank everyone who helped to make this exposition so successful. Next year I am certain Missourians will see another great fair on these grounds."

Mr. Kemper in reviewing the week's activities, remarked, "The exhibits were here, the new attraction of horse racing was the highlight of the fair, and in general the over-all picture of the fair was never better than it was this year. I am well pleased with the way the fair operated and everyone including the state fair visitors cooperated to their utmost to make it successful."

### Largest on Closing Date

Mr. Kemper reported the Sunday crowd of 22,227 was the largest of any closing date, this being due to the fact a night show was held in front of the grandstand. This is the third year for a night show appearance in front of the grandstand and each closing date up to the present time has shown an increase. This year's increase was 1,822 over 1948.

The Joie Chitwood death-defying daredevil, provided the Sunday entertainment and produced the most exciting and thrilling of thrill shows ever to appear at the Missouri fair.

Here to see this show was Charles C. La Croix, executive of the Advertising and sales promotion division of the Ford Motor Co., Dearborn, Mich. The thrill show equipment is all 1949 Fords. Mr. La Croix flew to Sedalia and returned to Dearborn, this morning.

## The Weather

Partly cloudy tonight and Tuesday, with a shower likely late tonight. Low tonight near 60. High Tuesday near 80.

Temperature: 7 a. m. 56 degrees; 2 p. m. 85 degrees.

### Thought for Today

But if they will not obey, I will utterly pluck up and destroy that nation, saith the Lord.—Jeremiah 12:17.

### Died Sunday

Mrs. Sylvia Kahn, for 55 years well known Sedalia resident passes away at her home.

## Mrs. Kahn, 55, Passes Away

Active Member of Sorosis; Funeral Tuesday Morning

Mrs. Flora Kahn, widow of the late Sylvia Kahn, one of the owners of the St. Louis Clothing Co., died at her home, 421 West Sixth street, at 7:15 o'clock Sunday night following an illness of about two months.

Mrs. Kahn was born in Warrensburg on September 27, 1875, the daughter of Bernard and Sarah Aaron Lobenstein. She was reared in Warrensburg, receiving her education in that city and was a graduate of the Warrensburg Normal, now the Central Missouri State college. She was married about 55 years ago to Mr. Kahn, who preceded her in death in 1939. His death resulted from injuries received when struck by an automobile as he was crossing Broadway near his home. A daughter, Mrs. Lucille Levy, died in 1929.

Here As A Bride  
Mrs. Kahn came to Sedalia as a bride and has lived here continuously since that time, taking an active part in civic affairs. She served for many years on the public library board. A valued member of Sorosis she served as its president two years, 1924 to 1926, its treasurer several years, chairman of the building fund for many years as well as on the executive committee.

A member of the Temple Beth El, Mrs. Kahn was always interested and active in the work of the temple and the Beth El Sisterhood.

Surviving are her granddaughter, Mrs. S. Edwin Sulkin, who with her husband, Dr. Sulkin, arrived from Dallas, Tex., just 15 minutes before her grandmother's death, a grandson, Sylvian Jean Parrot, of Ft. Wayne, Ind., and two great grandchildren, Sandra and Niel Sulkin, of Dallas, Tex.

### Funeral Tuesday Morning

Funeral services will be held at 11:30 o'clock Tuesday morning at the McLaughlin funeral chapel with Rabbi Hirschfield, of Kansas City, to officiate.

pallbearers will be Harry Kanter, Kenneth Love, Philip Kain, David Elliott, Abe Rosenthal and Morris Sagaloff.

Burial will be in the Hebrew Union cemetery.

Friends of Mrs. Kahn are instituting a fund, the proceeds of which will be used as a memorial—the Flora L. Kahn laboratory service for Bothwell hospital.

## 'Vets' Day to Ask Dividends

WASHINGTON, Aug. 29.—(AP)—This is dividend application day for 16,000,000 veterans of World War I.

Postoffices and veterans offices throughout the nation start handing out dividend application forms to the ex-GIs today.

Actual dividend payments will not start until next January. The forms will signify the veteran's desire to share in the \$2,800,000,000 dividend to be paid next year on about 20,000,000 national service life insurance policies.

The policies are those taken out between Oct. 8, 1940, and Jan. 1, 1948, and which were effective for three months or longer.

Beneficiaries of veteran-policy holders who have died also will receive dividend checks next year but they should not apply. Their payments are being handled under a different system.

The VA cautioned veterans against repeating some of the errors and omissions made by early applicants for the dividend payments.

The most common error, VA said, is failure to include service serial numbers, required under item four of the application form. Here the form provides three spaces labeled, respectively, "enlisted," "officer" and "other." These labels refer to the class of serial number assigned the veteran while serving as an enlisted man, an officer, or in some other status.

## Senate Passes Bill Calling For Billions

'Rider' is Beaten Down That Would Call for Savings

WASHINGTON, Aug. 29.—(AP)—Administration forces beat today an effort in the Senate to direct that President Truman save 5 to 10 per cent of the billions of dollars Congress has appropriated to run the government.

The Senate voted 48 to 29 to suspend its rules and adopt a "rider" to the armed services appropriation bill to order Mr. Truman to make the savings.

That was short of the two-thirds vote required to suspend the rules. Vice President Barkley ruled that a two-thirds vote was necessary although the Senate parliamentarian had held that the issue could be settled by a simple majority vote.

The Senate upheld Barkley's ruling by a 41 to 36 vote. The voting caught a spirited—at times angry—debate. Democratic leader Lucas of Illinois, fighting the proposal, shouted that it was "politically unfair" to ask the President to do things that Congress lacked courage to do.

Lucas argued, too, that it was unconstitutional—that it gave the President authority to reverse the decisions of Congress.

Support From South  
The economy directive to the President was backed by a coalition of Republicans and Democrats, including many southern members of the President's own party. Senator McClellan (D-Ark.) led the fight for it.

The "rider" would have meant telling Mr. Truman to save \$2,000,000,000 to \$4,000,000,000. Once the battle over the rider was ended, the Senate quickly passed the \$14,800,000,000 bill.

First it knocked down an attempt to forbid the armed forces from using any of the money for purchase of oleomargarine or butter substitutes.

For many years the military bills contained a so-called "butter rider" but the House and Senate appropriations committee eliminated it this year.

Senator Wiley (R-Wis.) and a group of senators from butter-producing states sought to insert the oleo prohibition but the Senate rejected it by a 45-31 vote.

The Senate also rejected 49 to 25 a motion by Senator Douglas (D-Ill.) to recommit the bill to committee for cuts.

The bill now goes to the house which must pass on changes the Senate made in the \$15,900,000,000 bill passed by the House.

Most of the Senate cut of \$1,118,000,000 was in funds for the air forces.

## Lineup to Ask Dividends

Pettis county World War II veterans formed a line early this morning at the Veterans Administration, 511 South Ohio avenue, to fill out necessary information in applying for national service life insurance dividends.

Veterans taking this early advantage in applying for the special dividend, will receive their money quicker than those who delay in reaching the veterans office, although no special deadline in filling out the applications has been set as yet.

Approximately 8,000 veterans in Pettis county are eligible for this benefit, according to W. F. Fidler, in charge of the local veterans office.

## Evolve Plan in Britains Crisis

LONDON, Aug. 29.—(AP)—Prime Minister Attlee's labor cabinet approved today a 15,000-vote plan for dealing with Britain's economic crisis.

Sir Stafford Cripps, chancellor of the exchequer, and foreign Secretary Ernest Bevin will take the plan to Washington this week for talks with U. S. and Canadian leaders on the dollar problem.

## Two Killed in a Highway Accident

ST. JOSEPH, Mo., Aug. 29.—(AP)—Two persons were killed and three others injured in an auto accident on Highway 59 between St. Joseph and Savannah, Mo.

Killed in the accident were Dwight Elliott, 32, of his wife, Ella Lee Elliott, 31, of St. Joseph. Injured were Harold Bradford, 30; his wife, Jewell, 29, and their 5-year-old daughter, Linda.

They were admitted to a hospital here. Attendants said they suffered serious head injuries. The State Highway Patrol said the auto driven by Bradford went out of control and struck an embankment at the side of the highway. Troopers said the vehicle rolled and skidded 30 feet.

## Overshot Plane To Teacher's Door

SAN JOSE, Calif., Aug. 29.—(AP)—Ernest Galindo, a student pilot, missed school by a city block and went calling, instead, on a teacher.

He knocked her front door in with his airplane. Galindo, 23, was soloing over San Jose yesterday when his motor went dead. He picked the Roosevelt Junior high school yard. His light monoplane went through a forced landing but overshot. Miss Ethel Boyd's front door. The teacher was in the rear of the house and escaped injury. O'Connor has head wounds.

## Hurricane is Blowing Out

Tag End Reaches Maryland With Little Damage

CHARLOTTE, N. C., Aug. 29.—(AP)—The big hurricane was blowing itself out today.

It turned back to the northeast in North Carolina and southern Virginia in a dying effort to re-turn to the Atlantic ocean where it was spawned a week ago.

The howling monster which ripped into Florida's Gold Coast on the east side Friday, cutting a multi-million dollar damage swath, was described by weathermen as just another heavy windstorm.

It raced across the Carolinas' Piedmont section yesterday bringing heavy rains. But its steel-twisting power was reduced to limb-breaking, shingle tearing and the fouling of power and communications lines.

Lumberton, N. C., and Florence, S. C., reported gusts of 60 miles an hour; Greensboro, N. C., recorded 58 mph without damage to the city. Charleston, S. C., had one report of a gust at 80 mph but damage was limited to power lines. The choppy sea, aided by a high tide, flooded streets in the bay area.

Just Heavy Storm  
As the tag end of the hurricane pushed into Maryland it brought winds up to 55 miles an hour but the weather bureau said it probably would be just "another heavy storm."

Thees were blown down in some sections of Maryland and some house lights were knocked out but there was no major damage reported.

## Forerunner of Thanksgiving

Here's a sign that Thanksgiving is nearing—about 1,200 turkeys, weighing about 15 pounds each, were sold to the Stamper Produce at Marshall today.

W. C. Askew, Dean apartments, who owns a 220-acre farm, 12 miles west of Sedalia, was the owner of the hen turkeys sold, and was the first Pettis county to take turkeys to market. Last February, Askew purchased 2500 baby turkeys from Ivan Berry Feed company. Six months later, he sold 1,200 turkeys. Mr. Askew will have about 4,000 more turkeys to sell in October.

LeRoy Kirchhoffer, Sedalia, will sell about 700 hen turkeys out of a flock of 3,000, Tuesday.

## Announces Hymn 'Day Over' Then Dies

LONDON, Aug. 29.—(AP)—The Rev. A. Foreman Cox, 60, announced the closing hymn of his service—"The Day Is Past and Over"—at Holy Innocents church last night, then collapsed and died.

## Hunt Has Picture Gallery Of Truman And Congressmen

WASHINGTON, Aug. 29.—(AP)—The picture gallery in James V. Hunt's office was thrown open to inspection by reporters today. It includes pictures of President Truman, 31 senators or former senators, and 30-odd House members.

At different times during the Senate "five-per center" hearings, autographed pictures on Hunt's walls have been mentioned. The implication has been that he used them to impress potential clients.

Roger Q. White, Hunt's lawyer, invited newsmen to look the pictures over. He said, "There is no secret about any of these. We didn't steal any of them. We didn't get any of them at the point of a gun."

Hunt is the manufacturers' counsel, now ill in a hospital, whose friendship with some Washington officials has been a prime topic of hearings before a Senate investigations subcommittee. Reporters found 104 pictures in Hunt's private office. There were others in adjoining rooms.

## Legion Fight Being Made on Communism

Main Issue For Convention on at Philadelphia

PHILADELPHIA, Aug. 29.—(AP)—The American Legion opened its 31st annual convention today with the fight against Communism—in China particularly—shaping up as the No. 1 issue.

What to do about Communism and where to do it are questions that several Legion committees have been wrestling with in pre-convention sessions—mostly behind closed doors.

The four-day meeting is one of the biggest in Legion history. The 6,500 delegates and alternates represent 3,000,000 legionnaires in some 17,000 posts. They'll discuss the pros and cons of some 1,000 resolutions.

President Truman, himself a delegate from Missouri, addresses a joint session of the Legion and its women's auxiliary at 1 p. m. (CST) today. The president is to receive the Legion's Distinguished Service Medal. Secretary of Defense Louis A. Johnson, a former Secretary of War and a past national commander of the Legion, will present the medal to his boss.

Mr. Truman is the second U. S. president to get the award, the first going to Franklin D. Roosevelt posthumously.

Communism has been a main issue at the past three Legion conventions. And it won't take a back seat at this important veterans gathering. The issue reportedly has touched off heated arguments before the foreign relations and security (armed forces) commissions.

Propose Continued Aid  
A hot floor fight looms over U. S.-China relations—and what the future American policy on that embattled Asiatic country should be.

The Legion's national executive committee adopted a resolution yesterday urging continued aid to anti-Communist forces in China.

The resolution said the U. S. should "not abandon the Far East to the Communists." It recommended, too, that the U. S. "lend its aid" in formation of a regional pact of Far Eastern countries—a Pacific counterpart of the North Atlantic Treaty.

But Earle Cocke, Dawson, Ga., chairman of the Legion's national security commission, said he favors writing off China as lost to Communism. This is the stand taken by the Truman administration.

Internal bickering among top Legion officials, past and present, broke out at the national executive committee session. National Commander Perry Brown of Beaumont, Tex., touched off the squabble.

Brown denied charges made by past national commander Frank N. Belgrano, Jr., Portland, Ore., that the Legion is influenced by "kingmakers and politicians" and is bankrupt.

Belgrano stuck to his accusations. He said further that present Legion leadership "discriminates against the veteran of World War II."

Brown told the committee the Legion's finances were in a "precarious condition" and urged convention passage of a dues increase.

Four past national commanders defended Legion leadership.

### Invited on Farm Tour

All members of the Sedalia Chamber of Commerce are invited to go on the Balanced Farming tour Tuesday. Those interested are asked to call the Chamber of Commerce for particulars before 9:00 o'clock Tuesday morning.

### With 'Best Wishes'

The picture of President Truman was on a table. It bears the handwritten inscription, "Best wishes to Lt.-Col. James V. Hunt, Harry Truman."

White said Hunt is 99 per cent certain he was given this picture, while he was still a colonel in the army, by Maj. Gen. Harry H. Vaughan, Mr. Truman's military aide.

There is a picture of Vaughan inscribed. "To my good friend Col. James V. Hunt with all good wishes, H. H. Vaughan."

In the reception room is a snapshot of Hunt with President Truman, Gen. H. H. Arnold, and Maj. George Howard, director of the air force band (now a lieutenant colonel).

White said this was taken at a White House concert in which a selection written by Hunt was played, entitled "Niece of Uncle Sam."

## Catches Fish And A \$102 Wallet

WALKER, Minn., Aug. 29.—(AP)—A walleye pike, northern pike, perch and a wallet containing \$102 was a New Yorker's catch in Leech lake Saturday.

The wallet was that of Miles Dale Pothast of Melbourne, Iowa, who lost it a year ago.

George Woodhall hooked the wallet while trolling south of Bear island. The zipper was open. Currency was visible under a layer of sand and snails.

Woodhall dried the contents carefully before attempting to salvage them. Examination revealed five \$20 bills and two ones. The wallet also contained a gold ring, two keys, Pothast's social security card and a fishing license. The operator of Lien's resort, where Woodhall was staying, recalled that Pothast lost the wallet while he was there last August. It slipped from his pocket while he sat on the edge of a boat, casting.

## Protest Rally Over Rioting

May Ask Truman To Start an Investigation

NEW YORK, Aug. 29.—(AP)—The civil rights congress said today President Truman may be asked to start an investigation of the Peekskill, N. Y., riot that broke up a scheduled concert by Negro singer Paul Robeson.

Will Lawrence, state executive secretary of the congress which has been listed as subversive by the justice department, said a delegation may be named at a rally here tomorrow night to take the protest in person to the White House.

At least eight persons were injured, two seriously, when war veterans, protesting the Robeson recital, clashed Saturday night with several thousand concertgoers.

Proceeds of the recital were to go to the Harlem branch of the civil rights congress.

Tomorrow night's protest rally, to be held in Harlem, will be sponsored by the congress, the American Labor party and a group of individuals.

To Call on Governor  
Lawrence said a delegation also would be named at the rally to call on Governor Thomas E. Dewey. The group, he said, will demand a public investigation of the "failure of state police to act" in time to prevent the fist-swinging melee.

Robeson, frequently identified with left-wing activities, was intercepted by friends before he reached the concert grounds. He claimed the disorder was part of a "national terror" and an attack on the Negro people.

Lawrence said plans also were being made to have Robeson appear—possibly within the next 10 days—at another protest rally to be held in or near Peekskill. Exact time and place of the demonstration has not yet been fixed, Lawrence said.

The governor's office last night gave no hint of what his reply to the demands might be.

Robeson's followers charged that two officials aided an anti-Communist rally of veterans groups that preceded the three-hour riot.

A huge crowd, estimated at 5,000 persons, was caught up in the singing battle, which raged in darkness in a wooded picnic grove where Robeson was scheduled to sing.

At least eight persons were injured, two seriously. The concert was sponsored by a branch of the civil rights congress, labeled subversive by the justice department.

### Calls it 'Outrage'

MOSCOW, August 29.—(AP)—A Pravda headline said today: "Outrage of American Fascists: Attempt to Lynch Paul Robeson."

That was the Communist party newspaper's sumup of the disorder near Peekskill, N. Y., that cancelled a concert by the Negro singer Saturday night.

A Tass dispatch from New York quoted William L. Patterson, secretary of the civil rights congress, as saying he prevented a lynching by hiding Robeson as he was on his way to the concert.

Robeson is highly regarded in Moscow.

## Identify Woman Found Wandering

CANON CITY, Colo., Aug. 29.—(AP)—A woman, apparently a victim of amnesia, found wandering the streets here with her two small sons, has been identified as Mrs. Bernice Day Ryan, 30, of Conway, Mo.

Identification was made Saturday by Lawrence King, head of the Fremont county welfare department. The women's children are Joe, 4, and Johnny, 2.

Mrs. Ryan's identification was made from FBI fingerprints, a description of scars and other characteristics, sent to members of her family at Conway.

Relatives said they would return the woman and children to Conway.

## President Speaks to Legion

Cooperation to Britain in Crisis There Pledged For Lasting Peace

By Ernest R. Vaccaro  
PHILADELPHIA, Aug. 29

—(AP)—President Truman pledged full American cooperation to crisis-ridden Britain today as part of a great effort by the world's free nations to achieve lasting prosperity and peace.

In a sober summary of the international economic situation Mr. Truman declared that a world trade "seriously out of balance" has posed problems "which affect all of us, and in the solution of which we all have a common interest."

He promised this country's "friendliness and helpfulness" in keeping Britain on its feet in a world suffering from "the terrible after effects of the war" and from Russia's hostility to European recovery.

No "Trick Solutions"  
And he held out an offer of "mutual concession and cooperation" to the British cabinet officials who arrive in Washington next week for negotiations on their country's financial crisis.

"We are not looking for trick solutions to deep-seated problems," he added.

The president sharply disavowed criticism in this country of Britain's Socialist government.

"We recognize," he declared, "that each nation has its own political problems and that it uses different political labels and different slogans from those we use at home."

As for this country's international economic policy, Mr. Truman commented that there is considerable "misunderstanding and misinformation," some of it due to the complexity of the problems involved. But, he added acidly:

"Some of this is deliberately stirred up by certain newspapers and politicians for political reasons."

The president spoke before the national convention of the American Legion, which earlier had presented him a medal for "outstanding service to the nation."

The keynote of his address was that "world prosperity is necessary to world peace."

Because of that, he said, and because "world prosperity is necessary to our own prosperity in the United States," American leaders resolved before the end of World War II that "the international chaos which had led to war should not occur again."

"We knew that permanent peace could not exist if the nations of the world resumed the policy of dog-eat-dog."

"Shortly after the war ended," he said, "it became apparent that the economic life of the world was more badly disrupted than anyone had expected."

Added Difficulties  
"Still further difficulties were created when it became clear that the Soviet Union would not join in working for world economic recovery."

"This Soviet Union was hostile to European economic cooperation. It refused to join in the European recovery program and it prevented its satellites from joining. Its aggressive foreign policy created alarms and fears that hampered recovery."

However, said Mr. Truman, the people of the free nations refused to be discouraged because "they know that the Democratic way is the way of hope."

"The free nations have overcome the danger of immediate postwar collapse," the president said, "but we have not yet achieved the sound and expanding world economy that is necessary for lasting prosperity and peace."

"This larger task is the one that now confronts us. The free nations have the resources to do it."

**Up Mt. Ararat Looking for Ark**  
DOGU BAYAZIT, Turkey, Aug. 29—(AP)—Five Americans are toiling up three-mile-high Mount Ararat today to see if Noah's ark lies on the summit.

They left this isolated village yesterday morning and no word is expected from the group making the perilous ascent until tomorrow at the earliest.

The Russians have protested strenuously that the search for the ark is merely a blind for a spying expedition — Mt. Ararat is on the Turko-Russian border.

The searchers, whom the Russians called spies, include Dr. Aaron J. Smith, 61, retired missionary from Greensboro, N. C.; Walter Wood, 36, development engineer of Sea Cliff, Long Island, N. Y.; Wendell Ogg, 24, of Knoxville, Tenn., physicist at the Oak Ridge atomic energy plant; E. J. Newton, 46, interior decorator of Colfax, N. C.; and Associated Press correspondent Edwin Greenwald.

Five Turks are accompanying them.

Interest in the ark has intensified since last year, when peasants reported they had seen an object resembling a boat. The object had been uncovered by an unusually heavy thaw.

**Bonds Forfeited in Police Court**  
Gilbert Sisk, Leslie Kimbrell and William Glikeson, all of Kansas City, forfeited five dollar bonds in police court this morning on charges of destroying property at a local hotel.

Jesse Pruitt, 207 East Salina street, forfeited a five dollar bond on a charge of running a red light.

Thirteen overtime parking bonds of a dollar each were forfeited.

Asbury Goodknight Praises The Fair; Recalls Early Days

Asbury Goodknight, "90 years young," who has lived on his 305 acre farm located two miles south on Marshall avenue, for the past 88 years, related many interesting tales when a visitor of the Democrat-Capital news room.

Mr. Goodknight said he never was married, but was still looking for a wife. He added, however, if it meant giving up his freedom, he would rather remain single.

He explained his bachelorhood when he asserted he had to take care of his mother, father, brother and a cousin at different intervals when they were incapacitated. Now, Mr. Goodknight's 60-year-old niece is residing on the farm with him.

One reason why people die young, they lose interest in life's beautiful scenes, the elderly gentleman related. He said he has been in attendance at the Missouri State Fair ever since it was established.

Speaking of boyhood he exclaimed he still felt like a boy.

"We ought to be very thankful to Roy Kemper and also thankful that Sedalia has the state fair. The older I get, the more useful I want to be to the coming generation, so wake up and don't lose interest in life," is a sentence he wanted to express to the public.

Letter Delivered by Jacob Dirck

He brought to the news room a copy of a letter delivered to Archie Goff at a feed store in Warsaw, Mo., July 1, 1875, by Jacob Dirck, who rode Jesse James' saddle mare from Brownington, in Henry county, to deliver the letter. He paid tribute to Jacob Dirck, who was buried Friday afternoon and said he was the last of the letter carriers to pass on.

Mr. Goodknight recalled memories of the Jesse James era, at which time he was in his teens. He related the event when Jesse and Frank James and the Younger brothers ate dinner at his Aunt Handa Atkins' house. It was the day before the gang robbed a train at Ottaville on the night of July 4, 1875. His aunt received twenty dollars from Frank James as a tip, he said.

Among other robbery stories and Jesse James tales, Mr. Goodknight related a story about Frank James when he eluded a posse at his aunt Nancy's hotel at Holden, Mo. He said when Frank realized a posse was coming for him he told the cook, her name being Mary Scaggs to pull a fainting spell. When the posse arrived Frank put on a pair of green glasses and false whiskers, and told the officers the woman fainted and needed fresh air, and that

## Why Can't Radio Give Better Programs Than Give Aways?

By Bruce Blossi

All is confusion in radio's give-away world. The major networks plan early court tests of the FCC's new ban on give-away shows and meantime the lawyers are having a field day speculating about which stations might escape the ruling.

Under the FCC edict, most give-aways are branded as lotteries and they would thus be illegal. The ban becomes effective Oct. 1. FCC says it may refuse to renew the licenses of stations which broadcast such programs after that date.

Should the ruling stand up in court, the impact on radio would be heavy. The big networks feature nearly 40 regular give-aways and local outlets play up countless more. About \$10,000,000 a year is said to be offered in prizes on these programs. More than 30,000,000 persons listen to the three biggest shows alone, according to network claims.

For four years now these programs have been pouring out a flood of widely varied prizes.—the greatest customer bonanza in the history of American merchandising. Ice boxes, luggage, jewelry, thousands of cans of food, trips around the country, whole orchards, French poodles complete with a year's supply of nourishment and even a goldplated lawn mower have been bestowed upon startled but grateful citizens all over the United States.

In fact, so amazing are the gifts on occasion that sharp-tongued Fred Allen, the radio comedian, did not seem far off the mark when he once burlesqued the give-away show with a prize list including such doubtful benefits as 3,000 pounds of putty, 6,000 yards of dental floss and a huge mound of dirt "delivered to your door."

Naturally the courts must decide whether give-aways are lotteries as the FCC contends. One radio lawyer already has pointed out that another government department, the post office, seems to take an opposite view. And, historically, that agency has always been extremely strict in determining what constitutes a lottery.

Critics of the decision also are making a lot of the fact that it was actually decreed by a minority of the FCC. The ruling was approved 3 to 1 but three members were absent.

The adverse vote was cast by Miss Hennock, who raised still another issue; whether the FCC department or Congress itself, in acting against might not be usurping the powers of the Justice the broadcasters.

It seems to us radio has a greater responsibility in this matter than simply resolving the legal questions. The real puzzle is how far radio ought to carry this give-away game, if in the end it should be free to do as it pleases.

Radio's heavy reliance on give-aways is actually a default on its responsibility to entertain. It amounts to saying that broadcasters cannot find a winning formula for entertaining the public, so they have taken to rewarding people instead. Give-aways are easy and they bring a sure-fire audience; but they're hardly an imaginative contribution to American life.

Somebody ought to tell him that for a little more than a dollar he can climb to the top of the Empire State building and get pretty much the same effect. With somewhat more assurance that he'll be around to develop his pictures.

## • The Washington Merry-Go-Round

### Truman to Face Battle Over Munitions Board Appointment

By Robert S. Allen

Ed. Note — While Drew Pearson is on vacation, the Washington Merry-Go-Round is being written by his old partner, Robert S. Allen.

WASHINGTON, Aug. 29 — President Truman doesn't know it yet, but he has another brawl on his hands to get Senate confirmation for an appointee to a key defense post.

The appointee is Carl Ilgenfritz, U. S. Steel corporation vice president, to be chairman of the Army-Navy munitions board.

The fight over Ilgenfritz is the battle over ex-Governor Mon Wallgren (for chairman of the National Security resources board) all over again, plus some new triumphs.

The latter are Ilgenfritz's insistence that he be allowed to continue to draw his \$70,000-a-year U. S. Steel pay as well as the \$14,000 that goes with the munitions board job. His argument is he will lose his pension rights if he gives up his corporation salary.

Strongly backing him are defense secretary Louis Johnson, Sen. Millard Tydings, D, Md., chairman of the armed services committee and Sen. Chan Gurney, N. D., ranking Republican member of the committee. In a stormy appearance proposed extraordinary salary arrangement has since before the committee, Johnson stated the President Truman's approval.

As a Senator during the war, the president repeatedly condemned the employment of \$1-a-year men.

Leading the fight against Ilgenfritz are Sens. Harry Byrd, D., Va., Lyndon Johnson, D., Tex. and Wayne Morse, R., Ore. The last two tangled hotly with Secretary Johnson at a closed-door meeting.

"Permitting this man to continue to draw his private salary while working for the government would be unsound public policy," Senator Johnson argued. "It would do more harm than any good the government could possibly get out of Ilgenfritz."

Morse was equally emphatic. He told Johnson: "fidence of the people in their government. This appointment will shake that confidence to its roots."

"It is indefensible that the head of this board with vast power over steel and other materials of defense should be subsidized by the dominant steel interests of the country. I am not sure that we should permit any man to hold this job who has connections with the steel industry, but I am sure we should not confirm a man who fails to break his bonds with his private industry when he takes this job."

To these arguments, Secretary Johnson countered with the contention that Ilgenfritz is "indispensable."

"That indispensable doctrine is absurd," snapped Morse. "It is ridiculous to say there is only one man for that job out of 150,000,000 Americans. If you will look around, you will find other men just as good who will not insist on salaries from outside sources all out of proportion to what other citizens expect their government to pay them. I will never agree that the patriotism of American businessmen has a price tag on it."

A majority of the senate committee favors confirmation. But Byrd and the others have served notice they will wage a bitter floor fight. With the senate logjammed by a huge stack of unfinished business, he outlook for Ilgenfritz is not promising.

### "Point Four" Aid

One important segment of American industry is putting President Truman's "Point Four" foreign-aid program into effect without government financing.

The innovators are the United Hybrid Growers of Iowa.

Consisting of 31 concerns operating plant-breeding farms and seed-processing plants in the corn-belt states, the group has been asked by European governments to advise them on how to develop hybrid corn and disease-resistant grains in order to increase good crops.

John W. Nicholson, UHG head, has been active for several years in spreading the gospel abroad of American technique in scientific seed culture. In 1946, his group sent 66 varieties of hybrid corn to Italy. As a result, Italian corn production on the experimental farms has soared to 120 bushels per acre, as against a previous high of 30 bushels and a European average of 12 bushels.

### Stormy Weather

California Democrats aren't the only ones having inner party trouble. The Republicans are also clawing one another.

Latest outburst is a haymaker hurled by Republican Rep. Richard J. Welch, San Francisco, at Gov. Earl Warren.

Welch has served 25 consecutive years in Congress and is the dean of the California delegation. An ardent follower of the late Senator Hiram Johnson, Welch is a militant liberal. He rarely intervenes in state politics, but his Irish ire was aroused by the welter of lobbyist and vice scandals swirling around the present Republican regime. So, rising in the House, Welch heaved this brickbat at Governor Warren:

"Every right thinking citizen in the country will sympathize with the people of California in their demand for clean and wholesome government. California has over 10,000,000 people. Surely among that vast number there is certain to be found a man of strong will and determination who would not only clean up the legislative branch of the state government, but would drive from the state what is now a well organized gangsterism."

"California can and must be relieved of this terrible stigma by the election of a governor who would carry into effect the policies laid down by the late Hiram Johnson. It will not be done by an attractive-looking, handshaking, backslapping gutless governor. Would to God, California could have another governor fashioned after Hiram Johnson. The need for such leadership is far greater than at any time in the history of my great state."

Note — Rep. Helen Gahagan Douglas has received assurances of support from a number of California Democratic and Labor leaders if she runs against Sen. Sheridan Downey next year.

### Don't Wait for a Girl's Teens Before Teaching Her Etiquette

"My 13-year-old daughter has such poor manners I'm beginning to worry about it. But nothing I say seems to sink in. Is there anything I can do to make her see that good manners are important?" writes one of my readers.

If you're just starting to worry about her manners at age 13, it's going to be hard going.

For at her age good manners should already be an established habit.

It's a lot easier to teach an eager-to-learn, admiring 6 or 7-year-old the fundamentals of good manners than to wait and try to teach them to a teen-ager who probably isn't nearly so easily influenced by a mother and who may resent any kind of criticism or correction.

However, there are books of etiquette written especially for teen-agers, and you might find one of these to be a help to you, since they deal expressly with the social problems that are especially important to teen-agers.

Also, it would be wise to see that your daughter gets as much social experience as possible.

### Keep Her Around

Have her around when you entertain, instead of letting her go off to the movies when you are having your friends in. Give her a job to do, so that she can forget her self-consciousness in helping you take care of guests.

But most important of all, demand that she treat the members of her own family with courtesy. No girl whose manners are disagreeable at home is going to know how to act when she is away from home.

And whenever you suspect that she is rude because she feels ill-at-ease or awkward in a particular situation, make a note to tell her how to meet that same situation next time.

Above all, don't dismiss her lack of manners as just a phase she is going through. Good manners are important at every age—and the rude teen-ager suffers just as much from a lack of social grace as does an adult. Furthermore, the teen-agers family has to suffer with her.

### Danger of High Blood Pressure Increases as You Grow Older

EDWIN P. JORDAN, M. D.

Written for NEA Service

High blood pressure, called hypertension in medical circles, is one of the most dangerous enemies of modern man. About six hundred thousand men and women become afflicted in the United States alone every year. There are several different conditions which lead to high blood pressure. One of the most important is hardening of the arteries or arteriosclerosis.

Practically all of the different kinds of high blood pressure as well as hardening of the arteries tend to increase in the later years of life. It has been recently stated that every person over the age of 45 has a 50/50 chance of dying from high blood pressure, apoplexy, a heart attack, or some similar condition related to high blood pressure or arteriosclerosis.

So far as is known, there are several different causes involved in the development of high blood pressure. Some of them are known, can be discovered, and can be remedied. However, in the majority of cases, the cause or causes are not yet fully understood by medical scientists.

### Examination Helps

What can be done about these great killers? Today one of the best things is to have an examination including measurements of the blood pressure, taken at regular intervals so that the first signs of an increasing blood pressure can be recognized. If found early some patients can be cured; in other cases the mere fact of an early diagnosis makes it possible for the physician to give advice which slows down the development of the symptoms and complication of high blood pressure.

One organization, the American Foundation for High Blood Pressure, located in the Marion Building in Cleveland, is collecting funds, principally from generous businessmen, to attack the problems of hypertension and allied diseases.

This foundation has already provided financial support and encouragement for needed research work in many parts of the country and for the exchange of information by the investigators. This kind of help is an invaluable stimulus to the solution of a difficult problem.

Note: Dr. Jordan is unable to answer individual questions from readers. However, each day he will answer one of the most frequently asked questions in his column.

### How to Play Canasta: I

## Canasta's Truly a Wild Game

By WILLIAM E. MCKENNEY  
America's Card Authority  
Written for NEA Service

Canasta, the new card game, will prove popular because it is a light partnership game. It is said that the games comes from Argentina, and the word "canasta" in Spanish means basket. However, I am inclined to think that it is a development of Oklahoma, a double-deck game of rummy that was introduced a few years ago.

In playing Canasta, you literally have a "wild" time. In the four handed game, there are four jokers, all wild of course, plus the eight deuces, which are also wild.

Canasta can be played by any number of players from two to six. When two or three play, each plays for himself. Four-handed is a partnership game and is the ideal way to play Canasta. If you have five players, but three on one side and two on the other. For six-handed, have two teams of three players each.

Some play six-handed with three players each, but it is much better to play it as a four-handed

reason seems to be a "nervous" disposition. Some people perspire more on their palms, especially under conditions of emotion or strain, than others. The exact reason is unknown.

game; and when there are three players on a side in either five- or six-handed, have the third player sit out one hand. At the end of a hand, the player sitting out comes in and one of the others of his side goes out.

In three-handed Canasta, the player who sits behind the weak player—that is, the player who receives the discards of the weak player—is bound to win. The weak player will not remember the cards in the discard pile, and therefore his discarding will make it rather easy for the next player to pick up the pack and win.

The swings in two-handed Canasta are terrific. In other words, the play depends entirely upon who gets control of the pack. And these terrific swing hands may prove boring. While it can be played two- or three-handed, I want to recommend the four-handed game to you.

There are quite a few rules in Canasta, but they will come to you quickly if you play it. There is some variation in rules among proponents of different styles of play, but I consider those described in this series to be basic and the most authoritative. They are the rules approved by Albert H. Moorehead, noted authority on American card games. If you want his rules in permanent form, you can buy his book on Canasta for a quarter from the Greystone Press, New York City.

Before we go into the rules of Canasta, let me point out some of

the important differences from the ordinary game of rummy. In Canasta, sequences do not count. In other words, you cannot meld three cards in a run such as the seven-eight-nine. You can only meld three or more of a kind.

The object of the game is to score points by melding cards. Each card has a scoring value, and in addition, there are certain bonus values, the greatest of which is the forming of Canastas.

A Canasta consists of seven of a kind. A Canasta composed of seven natural cards of a kind, such as seven fives, is termed a natural Canasta. Canastas also may be made up of natural cards and wild cards, but no Canasta can have more than three wild cards. You may add natural cards or wild cards to any Canasta. They do not increase the value of the Canasta except for the point value of the cards themselves. However, if you add a wild card to a natural Canasta, you reduce its value to that of a mixed Canasta.

TOMORROW: Melding and forming Canastas.

sounds. I don't mean 'bad,' really. Heaven knows, I'm no prude. The woman may have had a mean deal. I wouldn't ask if I didn't think it looked pretty serious. And at that I hate it. It seems I'm always asking you to do things and never doing anything for you."

HE said seriously, "You couldn't ask enough. You know I'd move mountains, or the whole earth, for you, if I could. As for what you can do for me—there's only one thing, Gaynel."

"I know," she said, her eyes meeting his in a brief second, then looking away. "I'm still hoping, Barry darling, the answer will be the one you want. But I have to be sure."

"Tell me, Gay—is there anyone else?"

"N-no." Gaynel shook her head, with only a fraction's hesitancy. There wasn't, was there? She thought she was giving Barry the truth. There wasn't anyone else, unless she counted Fritz. Certainly he had never let her think he had marriage in mind. As a matter of fact, he had told her quite pointedly, and more than once, that he had no such intention. There had been that one night, of course, at The Goat's Nest, when he had kissed her. But even that night he had told her he hadn't the tenacity or funds required.

Barry's face was much less tense. "Even if there ever should be, or if you can't make up your mind to take me for any reason except the size of my bank account, I'll risk that. I told you I'd want you, anyway."

She said, "You'll always remember that. You couldn't have said anything nicer, Barry. But please remember the bank account was only one among many items. I promise not to keep you waiting forever; we'd both be too feeble to enjoy that moon by then. I promise to let you know as soon as I can."

"I couldn't ask for anything more." He seemed satisfied. He could afford to wait. He had so much to give her. She had not hurt him this time.

## Exhibit by State Sanatorium

Guy B. Howard, author of the best-selling novel, "Walking Preacher of the Ozarks," has accepted an invitation to conduct the outdoors devotional services at the second annual Homecoming at the Mt. Vernon State Sanatorium.

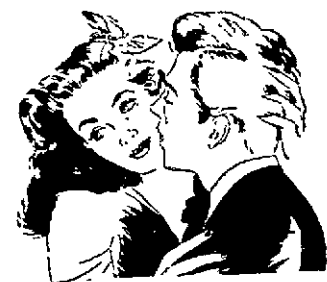

Betty McDonald, author of the "Egg and I" and the "Plague and I," has been invited to attend the coronation of the queen selected by a vote of the patients from the 275 women who are regular members of the sanatorium enrollment. The Missouri State Sanatorium at Mt. Vernon started the idea of a Homecoming last year. It was moderately successful, so this year it is hoped that this patient-sponsored plan will point the way to a crowd of 3,000.

The highlight of the Homecoming, September 17 and 18, will be the coronation of the queen—a patient chosen by popular vote from among the 275 women patients at the state tuberculosis haven.

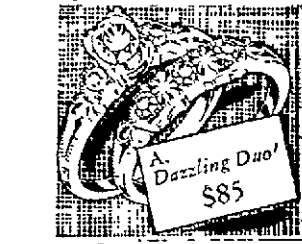

The Sanatorium had two exhibits at the Missouri State fair—one stressed the occupational therapy and the other spotlights the medical treatment and preventative precautionary suggestions to avoid the disease.

In addition to the two exhibits from the sanatorium, the Missouri State Division of Health had a trailer on the fairgrounds with the usual mobile unit for free chest x-rays—the proofs of which will be sent to the subject at a later date.

ston, LaMonte (Sweet Springs high school); Beulah DeWitt, Smithton; Margaret Hampson, Sedalia; Joe Reams, Hughesville; Evelyn Smith, LaMonte; William Buss, Fortuna, (Syracuse high school).—

## Slackening on New Polio Cases

By the Associated Press

The nation's 1949 polio cases numbered more than 19,500 today, but the rate of new infections appeared to be slackening. Approximately 3,900 new cases from August 18 to 27 reflected more than a 20 per cent reduction from the previous nine-day period when 5,000 were reported. However, this was still well above the 3,000 cases reported during the first nine-day period of August.

## Church Goers Locked Out

**SPRINGFIELD, Mo., Aug. 29—**(P)—Members of the Walnut Street Christian church here yesterday found themselves locked out of the church building. A notice signed by the three-man board of trustees of the church appear beside the new

padlocks which fastened the three outside doors.

The notice said the church was locked because a "minority group" was trying to "take over" the church.

One of the trustees, C. C. Goodman, told a reporter that the board had decided to padlock the building in order "not to disgrace the Lord's church with a racket." Goodman said the board's action resulted from a story he

said appeared in a Kansas City newspaper. He said the story said police were sent to halt a disturbance at a church confronted with a situation similar to that at the Springfield church.

# Hurricane Is Blowing Out

(Continued from Page One)

of the storm passed over Roanoke, Va. Winds up to 80 m.p.h. and heavy rain were reported. There was little damage.

It was in Florida that the giant exploded its peak power. West Palm Beach, Lake Worth and Fort Lauderdale were in the direct path of the hurricane's core as it swung in from the Atlantic Friday evening.

The giant veered to the north, passed over Lake Okeechobee where 1,800 lost their lives in the 1926 hurricane. It then roared up the moss-hung Suwannee river Saturday parallel with the coastline in the center of the peninsula state.

Damage ran into the millions. One life was lost in Florida and one in Georgia.

A preliminary survey brought damage estimates varying from \$40,000,000 to \$50,000,000,000.

After a tour of the east coast, Grady Norton, chief storm forecaster said yesterday:

"What the dollar loss amounts to depends much on what happens to the citrus crop. At the moment I would say that the \$40,000,000 estimate is perhaps high, but exact totals remain to be counted."

## Reaches To New York

NEW YORK, Aug. 29.—(AP)—The New York metropolitan area was battered by 70-mile-an-hour winds today as the hurricane that hit Florida flicked north.

The weather bureau said the winds, accompanied by rain, reached their highest velocity at 4:30 a. m. (CST) by 8 a. m. (CS) the wind had subsided to 24 miles an hour.

Between 18,000 and 23,000 consumers in New York were without electrical service for a time as wires were knocked down in Brooklyn, Queens and the Bronx.

## New Weapon On Cancer

CHICAGO, Aug. 28.—(P)—A powerful new weapon against cancer went into action today. It is a 22,000,000 volt (MV) betatron, giant super-x ray machine situated in a large special basement room at the University of Illinois research hospital.

The first patient to receive treatment was Fordyce M. Hotchkiss, 72, of Chicago, a retired railway express employee, who has a cancer of the larynx.

## Funeral of C. D. Hilles Wednesday

NEW YORK, Aug. 29.—(P)—Funeral services for Charles D. Hilles, 82, onetime assistant secretary of the treasury and Republican national chairman, who died Saturday, will be held here Wednesday.

Hilles was named assistant secretary of the treasury after Taft's election in 1908. After two years in that post he was appointed to serve as secretary to Taft.

Taft in 1912 insisted on Hilles' election as chairman of the Republican national committee to manage his campaign for re-election as President. Hilles headed the Republicans until 1916.

sources and the means to accomplish that task."

One of the main problems, Mr. Truman said, is that foreign countries need more things from the United States than they can pay for. "As a result, world trade is now seriously out of balance."

In the British-Canadian-American discussions, as well as in talks with other countries, Mr. Truman asserted, four principles must be kept in mind:

1. "That a sound and expanding economy is essential to world peace."

2. "That we are trying to expand the exchange of goods and services among nations"—not engaging in "a charitable enterprise."

3. "That we cannot succeed unless we keep everlastingly at it."

4. "That the Democratic nations are not proposing to interfere with one another's internal politics."

other White House concert at which two of Hunt's songs were played, "My Missouri!" and "United Nations Prayer."

### Two of Committee

Pictures of two members of the Senate subcommittee are on Hunt's wall. These pictures are of Senators Margaret Chase Smith (R-Maine) and Joseph R. McCarthy (R-Wis).

The photo of Mrs. Smith is inscribed "To Colonel James V. Hunt with the good wishes of Margaret Chase Smith, 2nd Maine."

The "2nd Maine" indicates the picture was made when Mrs. Smith was a member of the House from that congressional district. She was elected to the Senate last fall.

Mrs. Smith said during the committee's hearings last week that she was curious as to how Hunt got her picture.

McCarthy's photo was inscribed "Sincerely, Joe McCarthy."

Most of the autographs were not dated. During the war, Hunt was congressional liaison for the Army Quartermaster Corps. Later, he was with the War Assets Administration.

A picture of Lt. Gen. E. B. Gregory, under whom Hunt worked in both of these agencies, is inscribed:

"To Colonel James V. Hunt to whom I always turn for good advice. With best wishes from E. B. Gregory, Lieut. Gen. U. S. Army." A picture of Maj. Gen. Alden H. Waitt, chief of the Army Chemical Corps (but now under suspension) is inscribed "Lt. Col. James V. Hunt QMC: To Jim—my friend and a real friend when friendship is most needed from his old friend Alden H. Waitt."

## Loses Life Trying To Save His Dog

POPLAR BLUFF, Mo., Aug. 29.—(P)—Frederick Lee Warren, 41, a plumber, lost his life in Black river Sunday while trying to save his dog, Bubbles, which he thought was drowning. Warren was sitting with friends on the river bank tossing twigs into the water. Bubbles would swim out after them. When he tossed one stick out a considerable distance and the dog appeared to be drowning, Warren jumped into the river and sank to his death. The dog swam out.

## Former Legislator Died in Moberly

MOBERLY, Mo., Aug. 29.—(P)—Retired circuit judge Aubrey R. Hammett, 76, a former member of the state legislature, died at his home here yesterday.

He had been a circuit judge in Randolph and Howard counties for 14 years prior to his retirement in January, 1948. He was formerly Randolph county probate judge, prosecuting attorney and member of the legislature from 1929 to 1931.

Funeral services will be held here Tuesday.

### Is Fined on Gambling Charge

George Wenzel Liebertknecht connected with the carnival during fair week, was fined \$50 and court cost this morning in magistrate court on a charge of gambling.

The state warrant charged him with playing at a certain game known as "roll back," for money, in which chance is said to be a material element.

He was arrested Sunday at the fairgrounds by a patrol officer.

## Democrats Had Tent at Fair

One spot in particular provided comfort for the many fair-goers at the Missouri State Fair last week. It was the Democratic state committee tent, which was erected opposite the grandstand and south of the Educational building.

It was the first type headquarters to be opened by a political party during an off year election. Chairs were placed there for those who stopped in to seek information or to listen to radio broadcasts of the St. Louis Cardinal baseball games. In addition to the games, current daily market quotations were presented for the public's benefit. A large barrel of ice water was available to the visitors.

Jack Hackthorne, executive secretary of the state committee, had charge of the tent, and distributed assorted printed material pertaining to Democratic activities and their farm program.

The front of the tent was adorned with pictures of President Harry S. Truman and Gov. Forrest Smith and aided with the Democratic record of past contributions to the country and also a list of proposed projects, which included equal rights in and among rural schools, state aid for a medical program and a rural road project.

It was in this tent, that Gov. Smith, during his visit at the fair last Wednesday, met many of his friends.

## Agricultural Products

Country cured meats classes or "Ham-What-Am" was one of the heavy spots in the 1949 Missouri State Fair Agriculture Products exhibits. Carl A. Tising, High Point, was winner with a heavy ham pronounced by Judge James E. Comfort, Columbia, "to have everything including aroma, found by use of a probe to the center." This ham from long standing custom was presented to the Governor of Missouri on his visit to the Fair Wednesday, August 24th. Mr. Tising has had this honor many times in the past years.

Horton Tuttle, Prairie Home, had a first prize light ham, and Martin Oehlschlaeger, Concordia, won first in country cured bacon. Good numbers of high quality entries in 1949 small grain crops and 1948 grass and legume seed were shown as a reflection of the past two favorable crop seasons in most sections of Missouri. Only three county exhibits were in place this year. Pettis county won first, Monticello second and Audrain in a first time appearance appearance was awarded third place. Organized groups are authorized by their County Courts to represent the county they represent and find that it takes much planning and hard work to make a top showing.

The general appearance of the Agriculture Building which houses horticultural products, wool show, dairy products and many commercial farm displays, had a very bright attractive appearance and was a credit to the crops of Missouri farmers.

Waynard E. Aslin, Columbia, judged the crops, seeds and feeding corn of which there were heavy entries. Many of the seeds had been subjected to germination tests earlier in the season by S. Y. Roth, Jefferson City, Superintendent of the Agriculture Department. R. T. Wright, Maryville, is assistant in this division.

## Rioters Move on Car

Rioters start to overturn an automobile at a picnic grove at Peekskill, New York, where a scheduled concert by Paul Robeson, Negro singer recently returned from a visit to Russia, was cancelled when fighting broke out between concert goers and veterans groups protesting Robeson's appearance. New York state police officers said the riot lasted three hours and at least 13 persons were treated at hospitals for injuries received. (AP WIREPHOTO)

## Achievement Days Held At The Park

### Winning Teams In Judging By 35 4-H Members

About 450 persons attended the Achievement Days in the Convention Hall at Liberty Park, Sedalia, August 17, and 18. The first day was spent getting the exhibits ready for judging and display. A total of 935 exhibits were shown at Achievement Day many of which were of very good quality. A large number of food preparation exhibits were on display including 68 plates of cookies, 14 loaves of yeast bread and 25 cakes.

One hundred thirty-five 4-H members judged in one of the eight judging contests, vegetable, woodwork, clothing, home furnishings, food preservation, food preparation, dairy and livestock. The winning teams from Pettis county competed with other counties in the Southwestern Missouri at the State Fair. Those teams were as follows:

Clothing judging team: Shirley Eicholz, Ringen-Bushy club; Alzerta Runge, Georgetown club; Sharon Johnston, Lamine club.

Food preservation judging team: Virginia Fairfax, South Abell club; Jincy Dunham, Georgetown club; Betty Bolton, Allen club.

Food preparation judging team: Helen Anderson, South Abell club; Lillian Bahner, Striped College club; Ida Mae Bahner, Striped College club.

Vegetable judging team: Ed Hoehns, Ringen-Bushy club; Grace Schneider, South Abell club; Marion Edmundson, Flat Creek club.

Home furnishing judging team: Dorothy Mewes, Oak Grove club; Ruth Harvey, Walnut Grove club; Betty Wolf, Walnut Grove club.

Livestock judging team: Emmett Fairfax, South Abell club; Bill Riley, South Abell club; Duane Leiter, South Abell club.

Dairy judging team: Robert Yeater, Oak Grove club; Earl D. Thompson, Quisenberry club; J. D. Schlobohm, Oak Grove club.

There were 14 demonstrations both agricultural and home economics given at the Achievement Day and five of those were chosen to represent Pettis county at the District 4-H Round-Up in Clinton, September 3. They were:

Elinor Van Dyke, demonstrated "Making Shoulder Pads," South Abell club.

Betty Leiter, demonstrated "How to Measure Correctly," Striped College club.

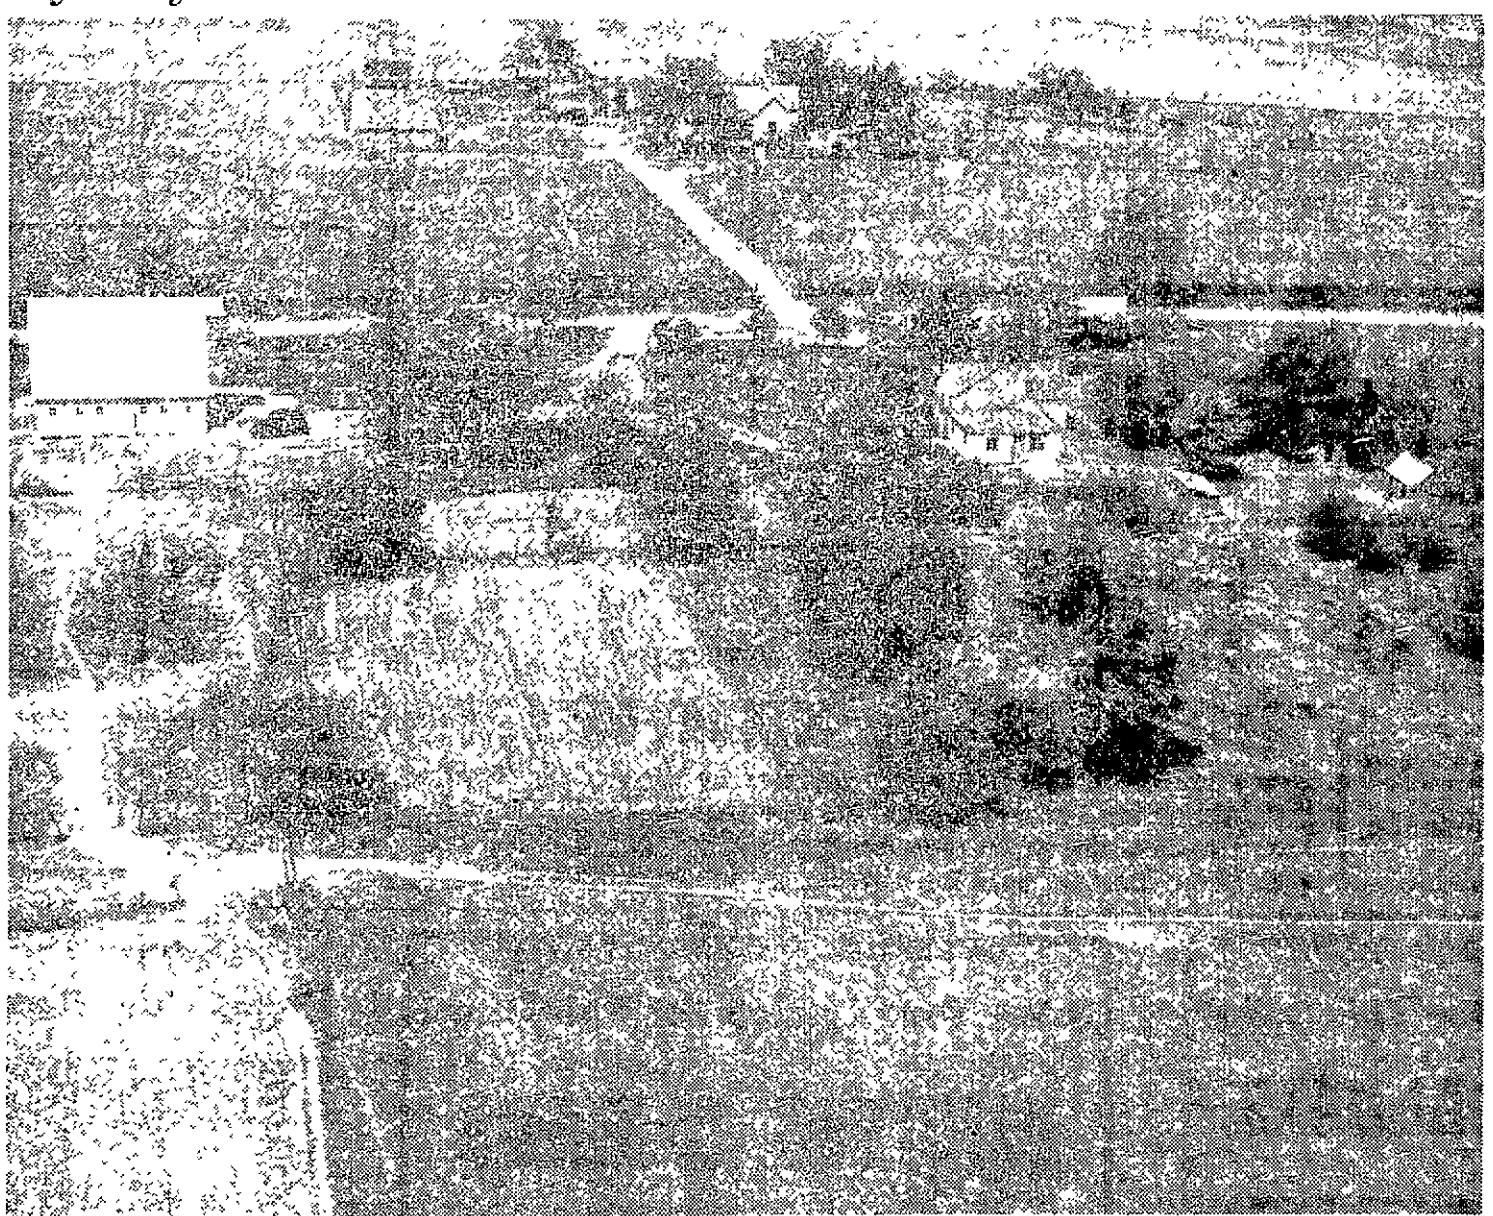

Joyce Ives, demonstrated "How to Mount a Picture," Pacific club. George Fairfax, demonstrated

## Pettis County 4-H'ers in Cattle Exhibit

Twenty-eight baby beeves were shown by 16 4-H'ers at the first Pettis County 4-H Livestock show. Forty-five boys and girls exhibited a total of 89 head of cattle at the show which was sponsored by the Pettis County Farm Bureau with the cooperation of Sedalia merchants, banks, manufacturers, Chamber of Commerce, civic clubs, and individuals.

## Mystery Farm Pictures in Central Missouri---

"Planting Tomatoes," South Abell club.

LeRoy Van Dyke, demonstrated "Making a Rope Halter," South Abell club.

Since good grooming is important in every walk of life much emphasis is placed on grooming as a 4-H activity. Sixty-one boys and girls entered grooming contests. The boy and girl to represent Pettis county at the district Round-Up are Donald Ragar, Ionia club and Amelia Weller, Georgetown club.

The Dress Revue of the girls modeling dresses and aprons they have made is always a highlight of the 4-H Achievement Day. Forty-nine girls were in the dress revue and eleven Clothing I girls modeled aprons. Two girls represent Pettis at the District Round-Up. They are: Betty Jean Klein, Walnut Grove club and Phyllis Schlusing, Ringen-Bushy club.

State Fair Blue ribbon exhibits from the County Achievement Day were taken to the State Fair. A total of 125 home economics exhibits were on display all during the fair. Of these 125 exhibits, 52 won blue ribbons, 40 red ribbons and 30 white ribbons.

The judging teams completed their contests Monday at the State Fair. Two of the Pettis county teams won the district contest and they will compete in the State contest at Columbia, October 1. Those on the winning teams

Whose farm is it?

Occupants of the above farm home may have wondered this spring about a plane buzzing low over their buildings. The picture explains it. The airplane pilot didn't know whose farm it was. The photographer didn't either. The two of them just flew around the Central Missouri area served by the Sedalia Democrat-Capital

were:

Livestock judging team: Emmett Fairfax, South Abell club; Bill Riley, South Abell club; Duane Leiter, South Abell club.

Food preservation judging team: Virginia Fairfax, South Abell club; Jincy Dunham, Georgetown club; Betty Bolton, Allen club.

## Winners on Gilts

Oscar DeWolf, president of the Sedalia Rotary club, is shown with the winners of the \$10.00 award offered by the Rotary club on Hampshire Gilt descendants. From left to right: Jimmy Conaway of the Hillview 4-H club, Leonard Ives of the Pacific club, Mr. DeWolf, and Dean Frame of the Maplewood club.

## Handicraft Work

Handicraft projects were exhibited by 21 Pettis County 4-H club members at the annual Achievement Day, held August 17 and 18. The best handicraft exhibits were shown at the state fair as a group, where they received a blue ribbon.

Wallen manages a chicken hatchery at Parkville, Mo., and Kenneth Wallen, is employed as a photographer at Snyder's Studios in Sedalia.

Mrs. Wallen in addition to many household duties, looks after 400 White Leghorn chickens. Five cows are milked daily. Grazing about the farm are twenty head of white face cattle.

Crops most commonly grown are corn, wheat and oats. The owner apologized for lumber lying around the house, as shown in the farm picture. He asserted at the time the aerial photo was taken, his house was just completed, and lumber not used in the construction was still scattered about the place.

A clay tablet unearthed in ruins 200 miles north of the site of Bagylon and now preserved at Harvard University, is believed to be the oldest map in the world.

The oldest known map in the world was produced about 4,500 years ago.

# Ribbons For 4-H'ers at Fair

Forty-Two Animals Exhibited by 12 Girls and Boys

Twelve Pettis County 4-H'ers showed live stock at the Missouri State fair this year. Of the 42 animals shown by these boys and girls, 7 were beef, 3 were hogs and 5 were sheep.

On Monday, August 22nd, Spotted Poland Hogs and baby beef were shown by the 4-H'ers in the 4-H Division. Loretta Hayes received a blue and red on two junior boar pigs, two red ribbons on her two Junior Sow pigs, a blue and red ribbon on her two single fat barrows, a blue ribbon for her pen of 3 barrows and a blue ribbon for her breeder-feeder litter. In addition Loretta also showed the Champion Spotted Poland Barrow in the open class.

In the baby beef class Elinor Leftwich, Jimmy Harvey, George Harvey, Elinor Van Dyke and Elmer Van Dyke all received white ribbons. These boys and girls also received a white ribbon for the 4-H County group of 5 baby beeves.

Hampshire pigs were shown by Jimmy Reed on Tuesday, August 23rd. His junior boar pigs won a blue ribbon and a red ribbon; his junior sow pigs, single fat barrows, breeder-feeder litter, and pen of three barrows all received blue ribbons.

Mary Kahrs, R. D. Kahrs, Barbara Ann Reid, Clinton Reid and Forrest Reid showed Black Poland pigs on Wednesday. In the junior boar class Mary and R. D. Kahrs both received red ribbons; Barbara Ann Reid received red ribbons on her two boars, Clinton Reid received a blue and a red

Mary Kahrs, Kahrs, R. D. Kahrs and Barbara Ann Reid received blue ribbons on their single fat barrows, while Forrest and Clinton Reid received red ribbons. Mary Kahrs pen of three barrows received a blue ribbon.

Mary Kahrs, R. D. Kahrs, Barbara Ann Reid and Loretta Hayes all showed champion pigs in the junior division which consists of both 4-H and F. F. A. members. Barbara Ann's fat barrow was the Grand Champion and Loretta's barrow was the reserve champion of the junior division. Both of these animals were auctioned off in front of the grandstand Thursday night. The Krey Packing Company paid \$1.05 per pound for Barbara Ann's barrow and the Wilson & Company paid fifty cents per pound for Loretta's barrow.

In the Spotted Poland China open class Loretta Hayes' showed the first place barrow. Barbara Ann Reid's barrow was the blue ribbon winner in the open class of Black Poland barrows. R. D. Kahrs showed the first and third place winners in the Black Poland senior spring sow open class.

Mary Kahrs also took top honors with her Black Poland barrows. They were the grand champion over all breeds pen of three barrows in the open class.

# Cards Atop Standings by Over 2 Games

Team Captured Four Games Over Week-end

By the Associated Press

If the St. Louis Cardinals could keep on winning doubleheaders while the Brooklyn Dodgers won single games the Redbirds could win the pennant — but schedules don't go on that way indefinitely. However the Cardinals made good use of the two days that the schedule did call for a set of games.

After taking a twinbill from the New York Giants Saturday afternoon, the Birds went up to Boston and captured another pair of games, these from the Braves 9 to 7 and 7 to 1, while the Dodgers were taking their single game from the Pittsburgh Pirates.

It stretched the Birds' lead to two and a half games.

**Lanier Looked Good**

But of even more importance, Max Lanier found himself. He had a one-hitter going into the ninth inning of the second game and even with the two hits and a run he allowed the Braves in that final frame he looked very good.

Max has pitched good ball before since his return to organized baseball nearly two months ago, but this time the Cardinal batsmen built up a good margin of runs behind him.

They did the same for Howard Pollet in the first game, picking up five runs in the first inning. Howard is still in pitching slump and Boston forced him out of the game in the third when they tied the score. Ted Wilks did the major relief work as the Cardinals went ahead again and stayed there.

**Jones Got Three Homers**

Nippy Jones was the star in the batting parade with three of the four homers hit by Redbirds in the twin bill. Stan Musial had the other one, his sixth in eight games.

Back at Sportsman's park the Browns faced their old jinx the Washington Senators and in the first game the St. Louis American league outfit was little better than a doormat as the Senators pounded out 18 hits for a 13-2 decision.

In the nightcap the Browns found what they lacked in the opener — good pitching — as they defeated the Nats 4 to 3 on Bill Kennedy's 7-hit hurling. Sherman Lollar homered in the second with a man on to start the Browns' scoring.

## Millers Trimmed Saints' Lead

By The Associated Press

The St. Paul Saints' first-place margin in the waning American Association race today had been trimmed to four games, thanks to some un-neighboring treatment by the cross-riber Minneapolis Millers.

The Millers rallied for a 6-4 win over the Saints Sunday, thus enabling runner-up Indianapolis to gain a full game on the leaders with a 5-4 decision over Louisville.

In other Sabbath encounters, Columbus won its third straight over Toledo, 6-2, to keep a half-game ahead of Minneapolis in their tussle for fifth place, and Milwaukee split at Kansas City in a pair of 6-2 outcomes. The second Toledo at Columbus game was called because of rain.

A scheduled nightcap between Indianapolis and Louisville was postponed after one and a half innings because of darkness, and will be played tonight.

**Tonight's Schedule:**

Indianapolis at Louisville. Toledo at Columbus (2). Milwaukee at Minneapolis. Kansas City and St. Paul played former date.

**St. Joseph Goetz Won Women's State Softball Championship**

SPRINGFIELD, Mo., Aug. 29—(AP)—St. Joseph Goetz downed the Maryville Zipp Inns 7 to 6 in an extra inning battle last night to win the state women's softball championship.

The victory gave the Goetz team its fourth consecutive title. Maryville won the losers' bracket competition earlier yesterday with a 6 to 1 victory over the Jefferson City Twocies.

The title was decided in the last of the ninth when Flo Dever's single brought home Kathleen Sherrow, who was on with a single.

## Yankees Paid Big Price For Victories

Tommy Henrich is In Hospital With A Back Injury

KANSAS CITY, Aug. 29—(AP)—Baseball's wounded wonders, the freshly-stunned New York Yankees, today game vowed to "hustle right down to the line" despite the stretch-run loss of Tommy Henrich.

The American League-pacing Yanks held a three-game lead over the runner-up Boston Red Sox. But they also had star outfielder Henrich in a Chicago hospital with a severe back injury that probably will sideline him for the season. The Yankees have 32 games left to play.

And nursing a slightly dislocated right shoulder was first sacker Johnny Mize, who may be out for four or five days.

That was the price the Yankees paid for their double triumph, 8-7 and 7-5, over the Chicago White Sox in Chicago yesterday.

Henrich suffered fracture of several small bone attachments to his vertebra when he slammed into Comiskey park's right field wall in yesterday's opener chasing a White Sox hit.

Mize got his injury diving into first base on a fielding play in the second game.

**Yanks Meet K. C. Blues**

As manager Casey Stengel led the Yanks into an exhibition here with their American Association farm club, the Kansas City Blues, he said Billy Johnson would replace Mize at first. Who will spell Henrich in the torrid finish drive which includes seven games with the Red Sox, Casey wasn't sure.

Yesterday, he used Cliff Mages and Hank Bauer, but help undoubtedly will have to come from the Yankee farm system. Kansas City's Jimmy Delsing may be summoned to bolster the outfield.

Stengel took the Chicago misfortune philosophically. "It's just the tough breaks you have to take in baseball," said Casey. "The hustle and great spirit of the Yankees have kept us up there all season and we're just going to keep hustling right down to the line."

"We had a lot of injuries, but we kind of recovered and I thought we were getting along fine until Yogi (catcher) Berra hurt his thumb."

**Waiting For Report of Injured**

"I really don't know what I am going to do about anything . . . until I've talked with the doctors and had a complete report on Henrich and Mize."

Besides Joe DiMaggio, Berra and George Stirmweiss, the Yankees had a previous major casualty in Henrich, himself, who tore a knee ligament, July 1 against Washington, and July 25 suffered a fractured toe against Cleveland.

## Winning Golfers Will Receive Scholarships

COLUMBUS, O., Aug. 29—(AP)—At least 68 caddies from all sections of the nation will arrive in Columbus early this week for their fourth annual tournament.

Play begins Wednesday at the Ohio State university golf course. With a few exceptions the entrants are winners or runners-up of local qualifying tournaments. The field includes two girls.

The top prizes are college scholarships of \$1,500 and \$750. After Wednesday's medal play qualifier, the low 64 will enter match play rounds.

Tournament chairman Leo Uridil said the field probably will total 75 by tournament time.

Ohio leads the state-by-state entries with 35, New York is second with nine and Illinois is third with four. Kansas, Kentucky, Missouri and West Virginia have three representatives each.

**Indianans Attempt to Keep Baseball Crown**

WICHITA, Kas., Aug. 29—(AP)—Fort Wayne, the defending champion, runs into its first tough obstacle tonight in its bid to retain the National Sem-pro baseball tournament crown.

The Indianans meet the Weimar, Tex., Trunkers, whose roster includes ten former University of Texas players. The university won the national intercollegiate baseball championship last June.

Fort Wayne and Weimar have won two victories apiece and lost none thus far in the lengthy double elimination tournament.

Neither of Fort Wayne's victims offered much competition. One of Weimar's victories was over the Mt. Vernon, Wash., Milkmaids. The Milkmaids placed third in last year's tournament.

In yesterday's games, Fort Wayne trounced the Hummels-town, Pa., Motormen, 9 to 1 The Golden, Colo., Coors edged the Elk City, Okla., Elks, 2 to 0, and the Bellingham, Wash., Bells beat the Tuscaloosa, Ala., Indians, 2 to 0.

**Metz Won \$5,000 Golf**

Tourney At Cedar Rapids CEDAR RAPIDS, Ia., Aug. 29—(AP)—Dick Metz of Arkansas City, Kas., won the \$5,000 Cedar Rapids open golf tourney yesterday.

Metz fired 69-70 to wind up the 54-hole meet in 211, two under par. No other players bettered par. Jim Ferrier, of San Francisco, tied for second at 214 with Joe Coria of St. Paul, Minn., and amateur Bob Winninger of Guthrie, Okla.

## National Amateur Golf Tourney Opened Today

ROCHESTER, N. Y., Aug. 29—(AP)—Frank Stranahan, golf's golden boy, thinks this may be his year in the National Amateur championship, which opens here today.

"I don't recall when my game has been sharper for a tournament," the millionaire's son from Toledo, O., commented. The 27-year-old shotmaker begins his bid for a title that has managed persistently to escape him while he's hauled in most of the major trophies available to an amateur.

The 82 first round matches are being played from sunup to sundown over Oak Hill's wooded, par 33-36-71 layout.

If Stranahan gets past the first two rounds and form in the other bracket also prevails, Stranahan will meet Rober (Skee) Rugel of Tulsa, Okla., the 1947 champion, in the third round.

The critics could see little to choose between the rival pair as each scored a second convincing victory over the Aussies in winding up another one-sided Davis Cup challenge round yesterday.

Schroeder had the honor of winning the clincher. The La Crescenta, Calif., comet looked terrific in crushing young Frank Sedgman, the Australian champion, 6-4, 6-4, 6-3, in the match which assured America's retention of the international team trophy.

Pancho practically tore Billy Sidwell limb from limb to make the final team score 4-1. It took him just an hour — bettering Schroeder's time by five minutes — and the scores were 6-1, 6-3, 6-4.

**Eight Army Teams Play In Tournament Today**

FT. SHERIDAN, Ill., Aug. 29—(AP)—Eight teams will start play today in the 13-state Fifth Army area's annual baseball tourney.

Contenders represent Camp Carson, Colo.; Fitzsimmons General hospital, Denver, Colo.; Fort Riley and Fort Leavenworth, Kas.; Army Administrative Center, St. Louis, Mo.; Granite City, Ill., Engineer Depot; U. S. Disciplinary Barracks, Milwaukee, Wis.; and Ft. Sheridan.

**HEAVY DOLPHIN**—Barbara Deans tests weight of a 35½ pound dolphin taken by Paul Dixon of Greensboro, N. C., off Morehead City. Usual dolphin weight is 10-20 pounds.

**ARMFUL**—Nine-year-old Ronald Ettestad of Northome, Minn., is having as tough a time with this huge northern pike out of the water as he did in landing it. Caught in Half-Moon Lake north of Duluth, the big one measures 47 inches, weighs 26 pounds.

## Aussies Slipped In Tennis Match

FOREST HILLS, N. Y., Aug. 29—(AP)—Having taken turns knocking the daylight out of Australia's Davis Cup players, Ted Schroeder and Pancho Gonzales today started along the path which should bring them together in an epic match at Forest Hills on Labor Day.

Schroeder, holder of the coveted Wimbledon crown, is seeded No. 1 in the eight-day national championships. Gonzales, who will be defending the title he won a year ago, is seeded No. 2, and big Pancho doesn't understand why. By custom, the champion automatically is at the head of the class.

The critics could see little to choose between the rival pair as each scored a second convincing victory over the Aussies in winding up another one-sided Davis Cup challenge round yesterday.

Schroeder had the honor of winning the clincher. The La Crescenta, Calif., comet looked terrific in crushing young Frank Sedgman, the Australian champion, 6-4, 6-4, 6-3, in the match which assured America's retention of the international team trophy.
